Cameron, Milam County, Texas, Thursday, August 11/1977

14 Pages Today

HOW ABOUT THAT? Ernest Glaser of 900 N. Fannin in Cameron shows the giant pink banana squash that grew in his garden. The monster was 39 1/2 inches long and weighed 40 pounds. Glaser said if the weather hadn't been so dry, the squash would probably have been even bigger.

With F.M.L.

WHAT KIND OF TOWN?

...is it whose firemen and auxiliary win practically all the pump-and-ride contests they enter?
...whose National Guard unit quadruples its quota and wins a Texas-wide recruiting contest?
...whose whole northeast residential section rebuilds its streets and curbs?
...whose whole northwest residential section is in process of rebuilding streets and curbs and drainage and whose area has a new park?
...whose downtown is new from the waterlines to the curbs to the streets to the sidewalks upward to the Mall?
...whose ambulance service operates with volunteers in a rare display of public service?
...whose museum is created from an old jail and draws what amounts to instant support and recognition?
...whose courthouse adds a new jail and new county tax office in two years?
...whose thoroughways are being embellished with new places, service centers, motel and widened access?
...whose industrial district is getting yet another industry among the creation of some 500 jobs in bootstrap developments?
...whose leadership is young, whose leadership is wise, whose leadership is continuous and above the pettiness which has killed thousands of other towns?
...whose community planning enables broader recreation and cleaner parks in but a year or two?

Barbecue To Honor Highway Dept. Employees

The annual barbecue honoring employees of the Texas Highway Department is set for Tuesday, August 30 at 7 p.m. at the Methodist Fellowship Hall.

The event is sponsored by the Cameron Area Chamber of Commerce highway committee.

Tickets are now on sale at the Chamber office and may be obtained from: Frank Tomascik, Morris Eplen, Rod Holcombe, John Parsons, LaVert McKinney, Olan Armstrong, Dale Lafferty, L. W. Turner, Albert McCullin, and Edward Demerson.

...whose co-operation enables a youth center in a few months?
...whose pride is steeped in a story of old becoming new, ugly becoming beautiful, weak becoming strong, unemployed finding work, among other successes and even transformations?
...whose example sparks theses for university graduate students?
...What kind of town is it whose decade of recovery is so broad it might someday be written as an economic and social "miracle"?
It is a great town with a great spectrum of people who know what they are doing.....and do it!

118-118-118

THANKS AGAIN....

For your response to our readership survey accompanying pictures of Herald staffers.
You tell us you want us to look ahead, stay abreast of local and national events affecting this area, and look back to consider where Cameron and Milam County come from.
You can see this is precisely what your Herald is doing.

Three Suspects Charged In 'Pigeon Drop'

Bond for four suspects from Houston was set at \$2000 each following their arrest in connection with a "pigeon drop" incident in Cameron Monday morning.

The men were charged in Justice of the Peace Jess Brock's court with misdemeanor theft after they were arrested by Temple police about 11:15 on Hwy 36 and FM 95.

According to police reports, Guss Williams of 310 N. Scott in Cameron reported that the men had gotten about \$150 from him. He said a man first approached him on foot, offering him money if Williams could find the man a room.

At the same time another man approached in a car, Williams said. Williams drove with the men to Dairy Queen where the men told him to put his money with theirs in a red handkerchief.

The suspects then switched handkerchiefs, leaving Williams with a wad of newspapers, police said.

Buckholts School Trustees Adopt \$209,800 Budget

The Buckholts school board Monday evening adopted a new budget for the 1977 - 78 school year of \$209,800.

The board left the tax rate at its present \$1.60 with \$1.50 designated for local maintenance and 10 cents for debt service.

Trustees amended the 1976-77 budget which worked out to \$210,396 awarded lunchroom contracts to Oak Farms and Rainbo; and appointed a committee to serve on a drug abuse and crime prevention advisory committee.

The resignation of Sam Mitchell, principal and teacher, was accepted.

Trustees Adopt \$1,553,854 Budget

Cameron school trustees adopted a \$1,553,854 budget for 1977-78 that reflected increased revenues from the state along with increased costs for operating the schools.

Anticipated revenues total \$1,590,434 for the coming year. The tax rate was set at the same rate as last year, \$1.40 with \$1.30 for local maintenance and 10 cents for debt service.

Increasing costs include more for electricity and heat, with \$25,000 budgeted for electricity compared to \$13,000 last year, and a heating bill that is expected to go from \$7,000 to \$17,000.

Salary increases for teachers, custodians and lunchroom personnel are also in the budget, along with an additional secretary for the superintendent's office. Bus drivers will also get a raise.

Board member Becky Magre questioned the increase from \$5,000 to \$12,000 for the athletic activity fund, and Supt. Buddy Dulin said he felt it was in the range of what would be needed. He said spending of the funds would depend on income from sports.

Magre suggested later that \$4200 be taken from the fund for an art teacher.

In other business, trustees heard a letter from Little League Association president Bill Kelm requesting that the school pay one-

Library Friends Launch Annual Member Signup

Cameron's Friends of the Library have launched their annual membership drive with contacts for present members, new readers and other interested parties.

The drive will be highlighted with a tea at the library on August 23 from 4 to 6 p.m. and all patrons and interested individuals are invited to come.

Funds raised through the membership drive are divided with \$1200 going to the library for salaries and the remainder to be used by Friends for other purposes. Those funds are used for Friends activities and "extras" for the library for which its income does not provide.

At Christmas time the organization plans to assist the Chamber of Commerce in launching the holiday spirit following the December 3 parade. In the spring an Easter Egg Roll is planned with details to be announced later.

Friends officers include Mrs. Perry Holder, president; Mrs. Judy McDaniel, vice president; Mrs. Rebecca Miles, secretary; Mrs. Johnnie Sue Fikes, treasurer; and Mrs. Linda Grothe, director.

Tax Assistance Available

Comptroller Bob Bullock has announced that a representative from his Belton office will be in Cameron on Wednesday, August 10 to answer questions from taxpayers and to provide assistance in filing tax returns.

Enforcement officer Allen Gibson will be at the tax assessor's office in the Milam County tax office from 1:30 until 4 p.m.

32 Wells Drilled Report Cites 26 Strikes

Oil and gas developers spent an estimated \$2.9 million in the drilling of 32 wells in Milam County last year, recording 26 strikes.

Six of the wells were classified as wildcats and some \$585,400 was lost in six dry holes. The 26 strikes included 22 oil wells and four gas wells.

These figures were supplied by the staff of the Dallas-based Texas Mid-Continent Oil and Gas Association.

Economic conditions within the county were improved substantially by the marketing of crude oil and natural gas with an estimated value

of \$2 million and an industry payroll said to be \$1.4 million, according to the report.

Milam was one of 200 Texas counties last year which produced oil and natural gas with a market value of \$100,000 or more, the same number as in 1975.

The county ranked 177th in the total estimated value of petroleum produced, realizing \$1,735,000 from the sale of 213,445 barrels of crude oil; \$246,000 from the sale of 320,259 Mcf of natural gas. Payments last year to owners of royalty in the county totaled an

estimated \$246,600.

In addition to the payment of local school and county property taxes, producers in the county also paid the state \$98,250 in production taxes, with \$79,850 coming from crude oil output and \$18,400 from natural gas.

According to the Texas Employment Commission, 182 employees worked in the industry in the county last year.

These direct employment figures do not take into account employment by the service and supply firms that support oil and gas company exploration, production, transportation, and processing activities and, as a result, do not reflect the industry's full impact on the county's economy.

Minerva School Featured In Museum Exhibit

The Milam Museum has on current display a collection of class photos from the Minerva school at different points in its history, along with a written history of the old school.

The pictures were collected by Helen Mortimer of Minerva who also compiled and typed the history.

Virginia Schuhsler, museum aide, said work has been completed on the installation of glass panels on nine display cupboards, all of which have locks. Money for the project was raised at a white elephant sale given by the Fleur de lis Garden Club of Cameron.

The cupboards were given to the museum by the Bassel Wilson family, and holds many exhibits.

The museum is still seeking an early model telephone to complete an exhibit, Schuhsler said.

County Accepts Pearson Resignation

County commissioners voted at a regular meeting Monday morning to accept the resignation of Robert Pearson as assistant county attorney.

Pearson's resignation took effect August 1, after only a short time in office.

Other action by commissioners included:

-- Approved cost of \$4.50 per day per prisoner for feeding three meal a day as now required by state law.

-- Voted to let Milano have funds designated to the county by the Hill Country Community Action for education and recreation for underprivileged children. Milano requested funds for playground equipment.

-- Agreed to shift requests from county farmers for terracing to

Dalton Caffey, former commissioner who will do the work with his own equipment. It was agreed that in the event Caffey can't take on the work, the county will do it for \$22 per hour, same price Caffey charges.

-- Tabled action on relocation of the voter registration office from the tax office to the county clerk's office pending approval from the Justice Department.

-- Approved a list of delinquent and insolvent taxpayers, the supplemental assessment roll, and a list of delinquent taxes on land and lots.

-- Passed a resolution requesting \$35,794 from the State as the county's share of funds collected by the

state to be used for lateral roads.

-- Voted to pay \$150 expenses for the veterans service officer to attend a school in September.

-- Approved repairs for a sheriff's department car.

-- Heard a report on the bounty system, which recorded bounties paid on 31 wolves, one bobcat and three coyotes for a total of \$262.50 paid.

Commissioners postponed their regular Thursday meeting to Monday, at which time it is expected they will make a decision on granting a salary increase requested for the sheriff's department. A decision on how the county's income will be increased to cover the salaries is also expected at that meeting.

NEW MOTEL is adding much to Cameron as summer tourists stop for a cool night and a cool swim. Note the panel on the roof, which is part of the building's

solar water heating system. An open house is planned for Sunday afternoon. For story and more photos, see inside.

Beyond 12,000 Volumes....

Looking at the 14 trades represented in production of this newspaper, we often wonder what the world would be like without schools and libraries.

We particularly appreciate Cameron Public Library because it was just about the first non-school public structure built in the 1960s since the present Milam Courthouse and jail.

The construction of several major buildings and hundreds of houses and business structures have followed in the wake of clearing worn business and housing areas.

It is significant the library went up first. Alexander the Great, the Greek who conquered most of the known world of his day, established cities and built libraries. Knowledge was his, learned in Athens from the great philosophers of his day. His military skills he learned from

his father, a Macedonian king.

Cameron Public Library Friends are conducting an annual funding campaign for programs outside of standard book lending.

Cultural and finer skills are encouraged by the Friends program. Art shows are presented.

This annual assistance frees regular library funds to do more in regular programs which now include pocket-books, records, microfilm reader, book exchange through the Texas Library system, so much more than just having more than 12,000 volumes to check out.

We encourage, as we always have, support for this Friends of the Cameron Public Library. We have seen the skills and expanse of Herald people, working in both practical and intellectual pursuits, aided by an excellent small-town library.

Serving Us All....

If you wonder what dimension a twice-weekly can have, consider the Monday edition of your Herald.

About 10,000 Milam Area households received copies of the Monday edition by mail, newsstand and home distribution, about 6,000 more than standard twice-weekly pressruns.

Household saturation, which means all but 100 per cent, went to the following communities:

Lott, Rosebud, Calvert, Hearne, Gause, Caldwell, Somerville, Milano, Rockdale, Thorndale, Minerva, Buckholts, Ben Arnold, Burlington, Rogers and Cameron.

This special penetration gives your Herald an unique flexibility made possible by its combination system of delivery and the fine support given by readers in home-town Cameron and by home-town advertisers.

We offer this service as proof that a 118-year-old non-daily not only is competitive with the nine dailies penetrating the Milam area, but is delivering more circulation punch than any newspaper entering the Milam area.

We enjoy serving you. And it is fair to say this dimension of newspapering serves all of us.

"HOW THE CONSUMER INFORMATION CATALOG HELPED ME SOLVE THE MYSTERIES OF THE LEAKY FAUCET."

I'll never forget my first leaky faucet. It had me stumped. I meditated. I talked to it. It still leaked. Then I discovered the Consumer Information Catalog.

It is put out by the Federal Government and lists over two hundred of their booklets that you can send away for. It listed just the booklet I needed to fix my faucet. It also listed booklets on how to fix a car, dieting, how to buy a home and many others. And most were free.

So send for the free catalog which you will also find very helpful. Write: Consumer Information Center, Dept. A, Pueblo, Colorado 81009. Because the road of life is paved with leaky faucets.

THE CONSUMER INFORMATION CATALOG
A catalog of over 200 helpful publications.

Dateline Austin

Commission OKs Highway Program

A quarter-billion-dollar state highway system repair, rebuilding and rehabilitation program received approval of the State Highway and Public Transportation Commission last week.

Projects spanning 6,900 miles of highways were made possible by additional funds appropriated for road purposes by the legislature this year.

Bulk of the work on 1,075 projects in 223 counties will be financed from general revenue funds earmarked for the purpose. The remainder will be paid for with state highway funds.

Extensive damage to the existing system due to severe weather conditions and a shortage of money in recent years made the rehabilitation necessary, SHPTC said.

Cost of the work is about \$222.5 million. An additional \$4.3 million is set aside for later assignment.

Approximately 68 per cent of the program will be on state and U.S. highways, another 30 per cent on farm to market roads, and the rest (two per cent) is reserved for future assignment.

The program is the first phase of a long-range program to restore the highway system to top standards. It is based on recommendations of several district engineers and was selected following a statewide assessment of needs.

All projects are expected to be underway within a year and a half, SHPTC said.

Small Hike Proposed

A State Insurance Board consultant has recommended that automobile insurance rates be raised only 1.8 per cent statewide, as opposed to 10.1 per cent earlier projected by board staffers.

Charles Edwards of Dallas offered his suggestions at a board rate hearing last week.

The industry is seeking a 17.4 per cent average boost in rates.

The board delayed a decision for two weeks to make a careful study of the actuary's proposals.

Edwards noted that current rate formulas allow insurance companies 20 cents on each premium dollar for agents' commission and other production costs, but actual cost is only about 16.7 cents. Edwards was instrumental last year in holding down the increase by selling the board on automatic deductibles of \$200 for collision coverage and \$50 on comprehensive coverage.

Appointments

W. G. (Dub) Woods Jr. of Liberty was named by Gov. Dolph Briscoe as judge of the 253rd district court (serving Liberty and Chambers counties), effective September 1.

Briscoe named Albert (Neal) Pfeiffer of Elgin criminal district attorney of Bastrop County, and Carroll E. Wilborn Jr. of Anahuac to succeed Woods as district attorney for the 75th district (Liberty and Chambers counties).

The governor reappointed Mrs. Marcella D. Perry of Houston, John S. Shivers of Fort Worth and Mrs. A. Sam Waldrop of Abilene to the Texas Woman's University board of regents.

Col. Roland B. Harris of Austin was named deputy commander of the Texas State Guard.

AG Opinions

A city can adopt water control run-off regulations in parts of an aquifer re-charge zone within its limits and extra-territorial jurisdiction, Atty. Gen. John Hill held. In other recent opinions, Hill concluded:

Texas Railroad Commission can prohibit use of indemnity terms to limit liability of liquefied petroleum gas dealers for their rented equipment.

A transaction is generally valid in which a county hospital sells to a state or federal bank accounts receivable from its patients at a discounted rate and with partial recourse on the hospital for uncollectable accounts.

Comparable evaluation of data on hospital beds and furnishings up for bidding is public under the open records act.

A peace officer can arrest an alien without warrant where there is probable cause to believe an illegal entry has occurred in the officer's presence.

Courts Speak

A U.S. district judge in Houston has ruled there was no racial discrimination involved in the forced resignation of a former Texas Rehabilitation Commission counselor.

The U.S. Fifth Circuit Court reversed a ruling permitting a Dallas television cameraman to film executions at the state prison. The court said government is not required to give the press special access to information

OLD PHILOSOPHER

Dear Editor:

It's puzzling. Sometimes Congress can see the light, sometimes it can't.

For example, take the national debt ceiling. There's a law prohibiting the Federal Treasury Department from spending above that ceiling, which now stands at 700 billion dollars. When you hit that ceiling, stop, the law says.

But the Treasury Department says it can't stop, it's got to spend 75 billion more than that to keep the wheels turning. Do you think Congress flees from this problem? You think it tells the Treasury "that's the law, abide by it"? Not at all. It recognizes its duty when it sees it, wrestles with the problem and comes up with the answer: raise the debt ceiling. Over the past decade Congress has solved this problem over and over again, raising the ceiling every time the Treasury Department says it's got to have more money, if you want to call it that.

Now the puzzling thing is that Congress has a similar problem and can't think what to do about it. It's the miles-per-gallon car problem. Congress wants the car makers to produce by 1978 cars that'll get more miles per gallon, and the car makers say they can't

do it by then and still meet the anti-pollution standards being demanded.

The answer is staring Congress in the face and its members can't see it.

There are two obvious means of getting the car companies to produce cars that'll get 30 miles per gallon or more in all makes and models. And they wouldn't have to wait till 1978; they could do it tomorrow.

All Congress has to do is (1) shorten the length of a mile or (2) increase the size of a gallon.

Any Congressman who can't see that needs a vacation.

Yours faithfully,
J. A.

you and the LAW

PRESENTED BY THE
STATE BAR OF TEXAS

Q: Before my marriage, I bought a home with funds I inherited from my grandfather. My wife and I are having problems. Can the proceeds from the sale of the house be kept from becoming community property if they are used to buy a new home?

A: At the risk of oversimplification, you can keep the proceeds from the house classified as separate property, but there are many variables. For example, if you inherited \$20,000 and used it to buy a house for \$20,000, the house is your separate property. Should you sell the house for \$40,000, the original amount plus the appreciation are separate property. If you buy another house for \$40,000, it is also separate property. However, if you use the money as a downpayment only, it becomes confusing. Too, this does not take into account possible homestead rights your wife may have. You should consult a lawyer regarding your particular circumstance.

Send your questions to "You and the Law," State Bar of Texas, P. O. Box 12487, Austin, 78711. Answers may appear in columns in hypothetical terms; personal answers not possible.

Electric bills higher?

For many thousands of TP&L customers, air conditioning is the biggest factor in electric bills during the summer and Texas is having one the hottest summers in several years.

So, if your electric bills are higher, think about the extra work electricity has been doing to help keep you comfortable.

If your home is air-conditioned, you can hold down your electric bill by setting the thermostat on 78° or higher. Clean or replace filters every 30 days and keep draperies and blinds closed.

Farm and City

County Agent's Notes

Brown Spots In Lawn Due To Bugs

By Bill McCutchen

Dry weather or chinch bugs?.... If your St. Augustine lawn is dying out in big brown spots and you have been blaming the hot-dry weather you had better take time to take a close look. It may well be chinch bugs.

Cinch bugs are very common this year and damage is severe in some lawns.

An easy way to check for chinch bugs is to cut both ends out of a coffee can and force one end into

the ground in the edge of a dead area. Fill the can with water and keep it full.

If chinch bugs are present they will float to the top. The adults are 1/8 inch long and are black with white wings.

If chinch bugs are present, Diazinon is the most widely used material for control. Either liquid or granular materials are effective but enough water needs to be applied to wash the material to the soil surface.

Cotton Root Rot Control Showing Promise.....

Salt applications to root rot infested areas on the Joe Mueck farm are showing more progress than expected. In the test area evaluations last week showed only 15% of the cotton affected where in previous years the area was over 80% dead.

Salt application results are usually not dramatic until the second and third year.

We are not recommending salt applications until further evaluations are made. Salt can alter the soil structure if applied in excessive amounts and will not be effective if applied lightly.

FOUR-LEGGED ALTERNATIVE-Gus Hessler is one of many Texas farmers today who have looked to the past for an alternative to high fuel and equipment costs. Here, he uses a mule to plow his 70-acre farm outside Kyle, Texas. In addition to nostalgia, mules can be very practical when there's work to be done.

Mules Making Comeback After Years of Obscurity

AUSTIN-After years of obscurity brought on by farm mechanization, the American mule is today being returned to the plow and even shovelled into the limelight at rodeos and fairs, the Texas Department of Agriculture reports.

Across the country, a resurgence of interest in mule-raising and use is on the upbeat in increasing response to everything from rising fuel and tractor prices to the desire to return to nostalgic techniques of a simpler time.

Mules may have been neglected but never completely discarded, however, because there have always been a number of tasks for which man has found no adequate replacement. When it comes to towing felled logs down treacherous, winding mountain trails, nothing is better than a mule. And because of its smaller feet and surefooted manner, mules can take hunters and other sportsmen farther into the wild than most other animals.

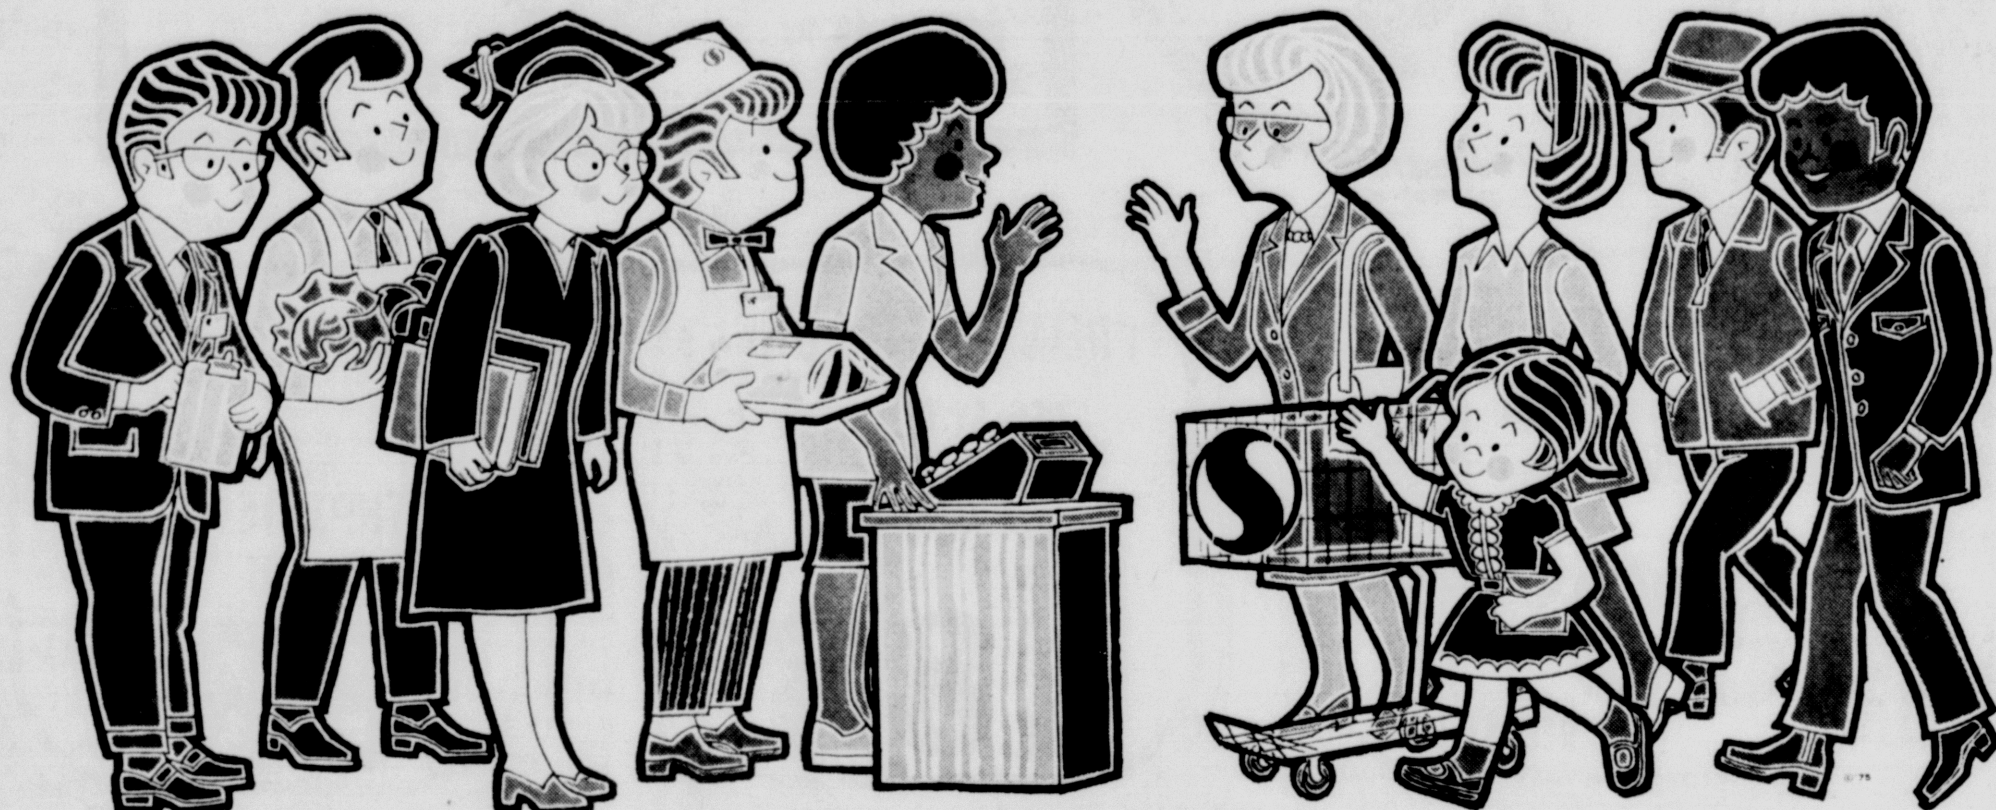

According to the Department of Agriculture, the common types of mules

in the United States are the heavy draft, the medium-sized work and pack mules, the saddle mules and the miniature mule.

Because of genetic problems, they successfully mate only on very rare occasions. The mule is the result of the mating of a male ass or donkey (jack) and the female horse (mare). Also on rare occasions, the female ass (jenny or jenny) will mate with a male horse (stallion) to produce a "hinny".

The significance of the American mule to the agricultural fortunes of Texas is demonstrated by the fact that a division of the state Department of Agriculture was once specifically designated to place jacks for breeding purposes with caretakers across the state.

While playing a part in the building of the United States, mule labor carried coal in mines, towed canal barges, pulled cannon, plowed cotton fields, and even hauled borax, 73,200 pounds per load, across Death Valley in California.

Safeway has joined with nutrition experts* to bring you a new, important service called

KNOW YOUR FOOD

These are examples of informative topics to be covered in forthcoming "Know Your Food" columns. Look for them in Safeway's weekly food ads!

- NUTRITION IN FOOD
- FOOD PREPARATION
- GETTING THE BEST VALUES
- BEST USE OF YOUR FREEZER
- SEASONAL FOOD BUYING
- MENU PLANNING
- UNIT PRICING
- OPEN DATING... & MANY MORE

*University experts work with Safeway Specialists from the University of California Cooperative Extension have agreed to provide Safeway with factual material for a series of "Know Your Food" columns. They will also lend technical approval to information as it is put into column form by Safeway.

Better Nutrition for Your Family for Less Money!

Safeway is made up of people! Lots of friendly, neighborly people ever ready to lend a hand wherever needed. We'll provide information to help you in preparing nutritionally-balanced meals. We'll offer shopping tips on how to get more value for your money. And information about seasonal buys on foods that are plentiful and sell for less. Meal ideas will be yours for the taking in recipe leaflets you'll enjoy using. Meat cooking information will teach new homemakers which meats can be dry-cooked and which require moist cooking methods. We hope you'll like this new service from Safeway! And use it to make meal planning, food shopping and saving money easier. After all, we're here to help. Remember that Safeway is your friendly neighbor right down the street... come visit us soon!

YOUR FOOD GUIDE*

Here is the first in a five-part weekly series on Food for Fitness — a Daily Food Guide. * It explains our need for different nutrients. The Basic Four Food Groups, briefly outlined here, will be fully detailed in four subsequent columns in Safeway ads. We suggest you clip this series to keep handy for nutritional meal planning.

HOW TO USE THIS GUIDE

- Each day our food should supply us with many different nutrients —
- Protein for growth and for repair of the body
- Minerals and vitamins for growth and to keep the body functioning properly
- Fat and carbohydrates for energy

Most foods contain more than one nutrient, but no single food contains all the nutrients in the amounts needed. Thus, we need a variety of foods each day.

This Food Guide shows one way to choose foods wisely each day. In the Guide foods are sorted into groups. Choices within groups are wide enough to allow for a variety of foods.

Select the main part of your diet from the four broad food groups. Add other foods as needed to make meals more appealing.

Some pointers to guide you in using this plan:

Choose at least the minimum number of servings from each of the broad food groups.

Serving sizes may differ — small for young children, extra large (or seconds) for very active adults or teenagers. Pregnant and nursing women also require more food from these groups.

Make choices within each group according to suggestions given. Foods within each group are similar, but not identical, in food value.

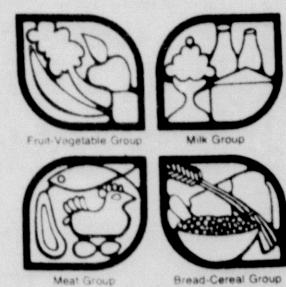

Choose additional foods to round out meals both from foods in the four groups and from foods not listed in these groups. These additional foods should add enough calories to complete your food energy needs for the day. Children need enough food energy to support normal growth; adults need enough to maintain body weight at a level most favorable to health and well-being. Try to have some meat, poultry, fish, eggs, or milk at each meal.

OTHER FOODS

To round out meals and meet energy needs, almost every one will use some foods not specified in the four food groups. Such foods include sugars, butter, margarine, other fats. These are often ingredients in a recipe, or are added to other foods during preparation or at the table.

Try to include some vegetable oil among the fats used.

Notes From Gause

By Mrs. Wanda Lee

Rev and Mrs. Charles James of Rusk, former resident of Gause, visited last Saturday with the George Blands, Mr. and Mrs. Harvey Roper and other old friends in town.

Funeral services were held in Rockdale one day last week for Clara Bell Burney. She was a cousin to Mrs. Ethyl Ely and Mrs. Lorraine Wilson.

Jim and Betty Alford and children, Jeff and Jenny of Groveton spent last Saturday night in the home of his mother, Mrs. Valarie Alford. Then on Sunday, July 31 they all went to the American Legion Hall in Caldwell for the Newcomb family reunion. Jan and Roy Willard and Bill Alford of Gause and Mike and Sara Alford of Rockdale also attended. Jeff and Jenny returned home with Mrs. Alford for a few days visit.

The W.M.U. of the Gause Baptist Church met August 1st at the church annex with 9 members and one visitor present. After the minutes were read by Mrs. H. B. Alexander, the study was "Spanish and English spoken Here" from the Royal Service magazine. Taking parts on the program were Mrs. Mayme Ditto, Mrs. Alexander, and Mrs. George Bland. The prayer calander for missionaries birth-days was given by Mrs. Ditto and the prayer by Mrs. B. B. Rains. The meeting was closed by prayer by Mrs. Mae Fowler.

Mrs. H. B. Alexander went to Milano for the funeral of Mrs. Leona Sloan on July 29th with Mrs. Frank Boggan and Mrs. Vester Boggan of Hearne.

Margie Nan Alexander birthday, an event of August 8th was celebrated on Friday, August 5th at the M A R C Center in Rockdale. Miss Patsy Gilbert whose birthday was August 7 also was honored that day.

Mr. and Mrs. Russell Partridge and two daughters of New York have been visiting with hisparents, Mr. and Mrs. Oris Partridge.

Mrs. Lessie Kingsley has been a patient in the Hearne Hospital. Recent visitors with Mrs. Agnes Blakely and Pam were Mr. and Mrs. Oliver Blakely, Jimmy, Terry and Linda of Texas City, Vicky Hobbs and Billy and Lisa Youngblood of Rockdale.

Recent out of town visitors with Mr. and Mrs. J. T. Todd were Densil and Virginia Wilson of Hawkins and Mr. and Mrs. Travis Neely and twins of San Juan. On the Sunday they all were here the other Todd children joined them for lunch. That included, Mr. and Mrs. Billy Todd, Jennifer and Stephanie of Cameron, Mr. and Mrs. Bobo Todd, Debbie and Lisa and Mr. and Mrs. Billy Ray Dent, Todd Craig and Denice.

Mrs. Fern Critchfield of Liford and Mrs. Mary Sue Davis of Tempe, Arizona recently visited with Mrs. Mary Bowling and other relatives and friends here in Gause. Mr. and Mrs. Jake Bowling, Bryan and Brice of Jackson, Mississippi visited this week with Mary.

Saturday, August 6, the home of Mrs. Lula Lindsely and Pete was the setting for a family get-together honoring family members with August birthdays, Mrs. Lindsey, Marvin Lindsey and Jeanette Adams, and combined with a wedding luncheon honoring the newly married Mr. and Mrs. Richard Seibel. Mrs. Seibel is the former Charlene Adams, daughter of James and Vivian Adams of Irving and Mrs. Lindsey's granddaughter. They were married Saturday morn-

Tours Set To View King Tut Treasure Exhibit

Several bus tours are being planned by Anco Travel in Temple and are being made to people of this area. Three tours will be to New Orleans to view the exhibit of King Tut's treasures at the New Orleans Museum of Art.

The first tour will leave Temple Oct. 1 and return Oct. 3 The Gold Tour will be Nov. 18-21 and the Diamond tour planned for Oct. 21-24. The tours will include hotel reservations, dinner, and bus transportation.

Another tour of local interest is being planned for Oct. 27-31 to the Grand Ole Opry in Nashville.

Besides planning group tours, Anco Travel also provides assistance in arranging individual travel needs. They can arrange cruises, package tours, car rentals, hotel reservations and airline tickets.

A Holy Land and Rome tour has been announced for Nov. 7-16, and plans for coming tours are being made for Hawaii in December as well as for two tours to Europe in 1978.

ing at All Faiths Chapel on the Texas A&M University Campus in College Station. Approximately 30

or more family members and friends enjoyed the afternoon with good food and fellowship which was

held under the trees in the Lindsey back yard.

Cheryl Slay is home from a summer job at Six Flags Over Texas for a couple of weeks before she ton State College in Huntsville. Mrs. Sandra Cermichael and Tristen of Arlington came home with her and stayed until the weekend with parents, Mr. and Mrs. Ray-

mond Slay and visiting other relatives. Bob joined them for the weekend and they returned home Sunday.

The Wayne Lees spent last weekend in Houston with Mr. and Mrs. Jim Lee and children. Craig and Lance remained in Houston for the week end and Jim and family brought them home this past weekend. On

Sunday they all attended the birthday celebration of Mrs. Fannie Holdiness, (Jim and Wayne's grandmother) at the country home of Harold and Louise Neal in Milano. Mammy celebrated her 92 birthday. Over 60 relatives and friends attended the day's celebration of good eats and picture taking and visiting.

LOCAL NEWS

A group of Presbyterian friends of Azle near Fort Worth in route to San Antonio to a church affair stopped by to visit Mrs. Malvern Ethridge on Hanover Road recently. While here they went to Mr. Ethridge's gravesite at Marlow, and visited with Mrs. Ethridge a short time. The Ethridges lived at Azle many years and were active in the Presbyterian Church there.

Franklin Family Holds Reunion At Local Park

The annual Franklin family reunion was held the weekend of August 6-7 in the American Legion hut in Ledbetter Park in Cameron with 69 persons attending.

Mrs. Ruth Ward of Rogers was recognized as the oldest present, and Jena Meche of Lake Jackson was the youngest present.

Cameron residents attending were Mr. and Mrs. Roy Wilson and Mr. and Mrs. Wilson Pool. Mrs. Smith Barrett also visited the reunion.

Others attending were from Bartlett, Bryan, Freeport, Heidenheimer, Holland, Houston, Killeen, Lake Jackson, Lancaster, Lubbock, Rogers, San Antonio, Taylor, Temple, Terrell and Waco.

Officers planning the reunion were Mr. and Mrs. Lee Roy Franklin of Killeen, Mr. and Mrs. Jim Franklin of Houston, and Mr. and Mrs. G. Nathan Franklin of Bryan.

Booster Club Sets Ice Cream Supper

The Yoemen Booster Club will hold its annual ice cream supper on Thursday, August 11 at 7:30 p.m. at the Yoe High School home-making department.

Everyone is asked to bring a freezer of homemade ice cream and come out and support this annual event.

Booster Club memberships may be purchased at \$4 each.

This year's officers are Jerry Jall, president; Clarence Hanel, vice president; Mrs. Shirley Hollas, sec. - treasurer.

HAPPENINGS

Cameron, Texas, Herald August 11, 1977 Page 9

Clubs Porcelain Art Guild

The Cameron Porcelain Art Guild enjoyed an all-day workshop August 4 at the BP&W Clubhouse, with Jill Beasley giving instruction.

Members learned to paint small designs of nature then assembled again for the evening meeting and a salad dinner. Each member brought her favorite food.

After a short business meeting conducted by president Eula Crook, Molly Richter introduced Ms. Beasley who gave a demonstration of painting small animals.

Guests for the evening were G. R. Waddell and E. B. Beasley of Temple and Mrs. Miriam Mosk of College Station. Hostesses were Katherine Chandler, Billye Radtke and Sammie Miller, Mrs. Radtke won the door prize.

Albright-Lagrone Vows Repeated

Kay Cass Albright of Gause and Claude Lagrone were united in marriage in a ceremony performed by the Rev. Joe Dan Franklin, pastor of the Milano Baptist Church, at that church on Monday, August 1, at 7:30 p.m. Invited guests included the families of the couple.

Kay was employed at the Kenwin Boutique in Hearne up to the time of her marriage. Claude is employed with Santa Fe Railroad in Temple, where they are making their home.

Parents of the couple are Mrs. Tommie Cass of Gause and the late Mr. Koye Cass and Mrs. Norine Lagrone of Milano and the late J. D. (Sonny) Lagrone.

CARD OF THANKS

There are not enough words to express our appreciation and gratitude to all of you for your prayers, cards, and flowers following my surgery and now during my recovery. May God bless each of you.

Herman and Doris Hanel

PERSONAL MENTION

Albina Kaltenbach and sons, John and David, of New Jersey were recent visitors of her parents, Mrs. and Mrs. Florian Kolodejack while her husband, Jack, attended Texas A&M Fireman's Training School. Their visit prompted a family gathering for Sunday dinner and family members attending were Mr. and Mrs. Jerome Becker and Mary of Temple. Mrs. Vincie Juneck and Mr. and Mrs. Leslie McKittrick of Cameron and Mr. and Mrs. Ferris Maness and Mike of Fresno, Texas.

UIL largest of kind

AUSTIN, Texas (Spl.) — One out of every two students in Texas public schools competes in one or more events of the University Interscholastic League before he or she graduates from high school, a recent University of Texas study indicates.

About 750,000 students annually participate in the UIL program which includes athletics, drama, music, academic and literary competitions.

As the largest organization of its kind in the world, the UIL provides "children of Texas with practical motivation and realistic training in acquiring skills necessary for living in a competitive society," the UT Austin report notes.

IF YOU SMELL NATURAL GAS, FOLLOW THESE 3 STEPS TO SAFETY.

The natural gas industry has an excellent safety record.

The fact that you can smell natural gas is because we add a harmless chemical to it as an extra safety feature. Otherwise, it would be completely odorless. If you detect faint whiffs of what you think may be gas, investigate. It may be something that is as easily and safely corrected as a pilot light that has gone out, or a burner valve that's partially open.

If your equipment seems to be working properly and the odor intensifies and seems to be everywhere, please follow these precautions:

1. Do not switch anything electrical on or off. Do not use the telephone in your own home. Do not strike a match. Do not do anything that might cause a spark.

2. Have everyone leave the house immediately, leaving doors open to help ventilate.

3. Go to a nearby telephone and call Lone Star Gas Company. Wait until we have found the source of the odor to determine whether it's safe for you to return to the house.

You may never have a natural gas leak, but we want you to be informed in case one does occur. Please make sure your family is aware of these precautionary steps. And we suggest that you keep this message for future reference.

SI PERCIBE OLOR A GAS NATURAL OBEDEZCA ESTAS 3 NORMAS DE SEGURIDAD.

La industria del gas natural tiene un récord de seguridad excelente.

El hecho de que Usted pueda percibir el olor a gas natural se debe a que se le ha añadido un producto químico extra, que no es nocivo. De lo contrario, el gas no olería. Si detecta ciertas ráfagas de olor que cree son producidas por escape de gas, investigue. Es posible que se pueda corregir fácilmente y sin peligro, por tratarse de que una llama-piloto se ha apagado, o que una válvula de algún aparato está parcialmente abierta.

Cuando suceda que a pesar de que su equipo aparentemente funciona bien, pero el olor a gas se intensifica y se siente en todas partes, entonces siga estas precauciones:

1. No conecte ni desconecte ningún aparato eléctrico. No use el teléfono de su casa. No prenda fósforos. No haga nada que pueda producir chispas.

2. Haga que todos salgan de la casa inmediatamente, dejando las puertas abiertas para que se ventile.

3. Vaya a un teléfono cercano y llame informando a la Compañía Lone Star Gas Co., y espere hasta que los encargados de la Compañía investiguen las causas y determinen si se puede o no retornar a casa.

Es muy posible que Usted nunca tenga que enfrentarse con escapes de gas, pero queremos informarle por si acaso le sucede alguna vez. Asegúrese que toda su familia conozca estas normas de seguridad. Le aconsejamos también que guarde este aviso como referencia para el futuro. Gracias.

Los Tigres Nip Cardinals By Two

Los Tigres of Rosebud Sunday took a double header from the Cameron Cardinals by two runs in each game.

Scores for both games were Tigres 8, Cards 6.

Cliff Cryer hit a grand slam for the Cards.

The Cards will travel to Bryan to meet the Franklin Parrots there Sunday.

The Salado Pirates squeezed by the Cameron Reds with a 5-4 victory Sunday.

The Reds will meet the Bryan Eagles here at Colonial Field Sunday.

Fishing Violations Up

Up through the first part of July, wardens filed on 2,295 persons for failure to have a fishing license. Another 1,226 were cited for failure to have the proper number of life jackets on board for each boat passenger, the most common water safety violation.

All-Day Dove Hunt Allowed This Season

All-day shooting for mourning doves and half-day hunting for whitewings has been set by the Texas Parks and Wildlife Department.

Jim Dunks at the P&WD said mourning doves during both the North and South Zone seasons may be hunted from 30 minutes before sunrise to sunset.

The North Zone dove season is set for September 1 - October 30 South Zone, September 24 - November 6 and Dec. 31, 1977 - Jan 15, 1978.

Exception to the all-day hunting hours is in those counties with a concurrent whitewing and mourning dove season September 3, 4, 10, and 11, when the two species may be hunted from noon to sunset.

Shooting hours during the September 10-18 teal - only season are from sunrise to sunset. Rails and gallinules may be hunted from 30 minutes before sunrise to sunset, September 1 - November 9.

The later starting time for teal hunting is to give hunters ample light to distinguish teal from other species of waterfowl which might

be moving through Texas in early September.

Officials at the U.S. Fish and Wildlife Service notified Dunks late August 4 of the framework for shooting hours of migratory game birds.

San Gabriel News

By Mrs. Walter McDaniel

The community extends sympathy to Mr. Guinn and Kenneth Gifford and families at the loss of their sister, Mrs. Blocker Doss who passed away Thursday night in Richards Memorial Hospital after a short illness. Bro. John Roark was in charge of the service at Phillips and Luckey Funeral Chapel with burial in IOOF Cemetery in Rockdale. We also extend sympathy to Blackey, children and grandchildren.

Mrs. Betty Northcott, Miss Diane Northcott, Mrs. Gary Northcott and Christy were in Temple Saturday.

Through the week and weekend visitors in the home of Mr. and Mrs. Phillip Terry were Mr. and Mrs. Jimmy Holeman of Houston, Mr. and Mrs. Woody Rasco, John and Michael of Mesa, Arizona and Mr. and Mrs. Loyd English of Houston.

Mrs. Betty Harrison is ill and will be taken Monday morning to Richards Clinic by her daughter, Mrs. Jesse Wilson is ill in the Cameron hospital.

We were proud to see Jim Stewart back in church Sunday morning. Stuart Caffey is spending another week with his grandparents, Mr. and Mrs. Hugo Linke. Scott will begin his college career at North Texas State University at Denton later this month.

Those from the Baptist church families who are at Baylor University this week for the WMU house party are Mrs. John Roark, Mrs. James Terry, Mrs. Billy Beason and Mrs. Hugo Linke.

Those having lunch with Mr. and Mrs. Buddy Limmer and Cindy Friday were Mrs. Limmer's brother, Johnny Roepke of Round Rock. Their granddaughter, Mrs. Mike Northloger and Brandy of Pasadena also visited.

Visiting their sister, Mrs. Hugh McMillan and Hugh were Mr. and Mrs. C. W. Gamble of Shepherd.

Mr. and Mrs. Eldo Sommerfelt were recent visitors of their children Mr. and Mrs. Emory Lescher and Donny of Hutto.

Mr. and Mrs. Gene Northcott,

Diane and Mr. and Mrs. Gary Northcott and Chris were at a family reunion in Bartlett Sunday.

Mr. and Mrs. Richard Heine were supper guests of Mr. and Mrs. Arthur Wuthrich in Austin Friday night.

Johnny Roark of Bryan visited his parents, Bro and Mrs. John Roark and sister Cindy over the weekend.

Mr. and Mrs. Hugh McMillan were recent visitors of her sister, Mrs. W. B. Raney and Mr. Raney of Pearland and they also went to visit her brother, C. W. Gamble and wife at Shepherd.

Let's all remember in prayer for little Patrick Anness who will have major surgery early Tuesday morning. He is the son of Mr. and Mrs. Carlton Anness.

Mrs. Ora Case, Joe Yeager and Bobbie Case have returned from a visit with their daughter, sister and niece, Mrs. Kathryn Wraspin and family of Washington.

Visiting Mrs. Andrew Garner over the weekend were her daughter, Mrs. James Malone, from Houston and granddaughter, Miss Terri Malone, of Austin, Mr. and Mrs. Steve Garner of Houston and Mr. and Mrs. Allen Hampton of Austin.

Mrs. W. McDaniel visited mom Smith, Mrs. Frank Brown, Will Lovelace, Mrs. Zelma Fipps and Tom Beard at Sweet Briar Rest Home and at SPJST Rest Home. Miss Tena Yeager. Others visiting her were her sisters, Mrs. Ora Case and Miss Ella Yeager, and niece Miss Bobbie Case of Alvin.

Mr. and Mrs. Guinn Gifford visited Mr. and Mrs. Willie Williams of Rockdale Saturday night other visitors were Mrs. William's sister, Mrs. Billie Barker and husband Horace of Lockhart.

Visiting Mr. and Mrs. W. McDaniel Saturday afternoon and Sunday afternoon were Dan Beason, Joe Yeager and Mr. and Mrs. Arthur Wuthrich of Austin.

Mr. and Mrs. Ervin Fussel were called to Waco to be with father, Mr. Taylor, last week who is gravely ill in the hospital there. They returned home Friday afternoon with no change in his condition.

Mr. and Mrs. Arthur Wuthrich visited awhile with them Sunday night.

Several families from here attended the funeral for Mrs. Blackey Doss in Rockdale Saturday afternoon.

Denton Files Notice Of His Candidacy For U.S. Congress

Former State Rep. Lane Denton was in Cameron recently visiting with friends and supporters seeking their counsel regarding his possible candidacy for the U.S. Congress.

Although Denton has filed notice of his intention to seek the 11th District seat with the Clerk of the U.S. House, no formal announcement will be made until after a complete tour of the 19 counties in the district.

During his tenure as a state representative Denton testified before the U.S. House Commerce Committee on energy problems, the International Trade Commission on limiting beef imports, and other committees and federal agencies.

While in the Legislature, Denton was the author of the Texas Open Records Act. He also worked on matters relating to transportation and employment for elderly, agriculture, child care, solar energy, small school legislation, and education.

Denton is from a pioneer Texas family and is a former public

school teacher and administrator. Lane and his wife, Betty, now live near Waco.

"I believe the six years of hard work and experience in the Texas House, my recent service on President Carter's Task Force, my maturity and knowledge of how the Congress operates will enable me to continue strong representation for the 11th District," Denton said.

LANE DENTON

Outdoor Power Tool Safety Tips

— A Service of The Power Tool Institute

LBJ School grads

AUSTIN, Texas (Spl.) — More graduates of the Lyndon B. Johnson School of Public Affairs at The University of Texas take jobs with the State of Texas than with any other agency.

A survey of LBJ School alumni from 1972 through 1976 shows that 58.5 per cent of them work in Texas and 31.3 per cent are employed by the State of Texas.

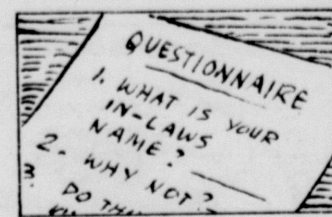

Throughout the U.S., almost 80 per cent of the LBJ School graduates have jobs in the public sector. Such jobs include managing a U.S. Senator's office and analyzing a city budget. In various states, LBJ School alumni work in areas ranging from criminal justice to consumer affairs.

Regional change

AUSTIN, Texas (Spl.) — The "second war between the states" could emerge between the industrialized Middle West, North and Northeast and the emerging South and West over many issues of national concern.

A University of Texas symposium Sept. 24-27 will look at regional problems and perspectives and explore national policies that would unify rather than divide the nation. The symposium is entitled "Alternatives to Confrontation: A National Policy Toward Regional Change."

Among topics will be population shifts, energy policy, economic growth and decline, urban-rural problems and welfare reform.

In certain African tribes a woman may not use words appearing in the names of her in-laws.

New Varsity Motel Plans Open House Sunday

40 Rooms Await Travelers In New, Modern Facility

The Varsity Motel in Cameron, located just east of town on Hwys 36-77, will play host to the public Sunday with an open house so that everyone can see the new facility.

The owners, Wesley and Betsy Duncan, invite visitors to come between 2-5 for a tour of the motel.

Opened June 3, the Varsity is two-story with 40 rooms including singles and doubles.

The rooms feature queen-size beds, color TV, direct dial phones for local and long distance, air conditioning, carpeted floors, a combination shower and tub, and a sun lamp in each bathroom.

A 36x16 fiberglass swimming pool is also awaiting the pleasure of travelers who want to cool off after a long drive. The pool is surrounded with a chain link fence for safety.

The Duncans employ all local help, with five employees working with the Duncan family to provide superior care and service.

Local businesses were used as much as possible in building the motel, with Style Home furniture purchased from a local furniture store, televisions purchased locally, carpeting put down by a local craftsman, and construction work by other local businessmen.

The new motel has a unique feature -- its water is heated by a solar heating system very new these days. The system also has an auxiliary system for cold, cloudy days or when there is heavy use of the hot water.

The Varsity is affiliated with Friendship Inns, for the convenience of travelers who want to reserve rooms for their next stop.

This is really a family business, with Wesley and Betsy working along with their boys -- Daryl, 9; Brent, 14; and Ernest, 16.

The Duncans moved here from Snyder where Wesley was vice principal of the high school and Betsy was director of RSVBP. She is also a former teacher.

They are building a new home and at present are living in the motel. Betsy is a Cameron native and the daughter of the William Vogelsangs of Cameron.

This is their first venture into the motel business and they are finding that it is living up to their expectations. Business has also lived up to expectations.

The Duncans bought the property adjoining the motel and plan to keep it for future expansion or other use.

They report that they really like Cameron, and find the people unusually friendly and helpful.

The Great American Sandwich
Sandwiches for school or work lunchbox or stay-at-home meals need not be ho-hum dull. Use your ingenuity and creativity to add the zip. Almost any food is sandwich material.
One way to get the jump on the morning rush is to make sandwiches ahead and freeze until time to use. But remember, sandwiches destined to spend time in the freezer are best spread with margarine or butter to prevent the bread from becoming soggy. Wrap fresh vegetables like lettuce and tomatoes separately and slip them in just before eating. Hard cooked eggs, cheese, jelly, salad dressing and mayonnaise do not freeze well. Wrapped, frozen sandwiches will thaw in about 2-3 hours at room temperature or 5-6 hours in the "fridge."
Sandwiches go well with soup, coleslaw, fruit, vegetables or just about anything. For zippy recipe ideas, write, I'm always glad to hear from you.
